Research Proposal & Poster Competition

1. Registration

Eligibility: Open for all. Participate individually or as a team of up to 4 members.

Registration Link: https://forms.gle/6LwPccn2dEgrh2Kc8

Registration Fee:

- IEEE Members: **120 Tk**
- Non-IEEE Members: **150 Tk**

bKash No.: 01758302903
Nagad No.: 01758302903

Registration Deadline: 6 October 2026
Submission Deadline: 7 October 2026, 8:00 PM

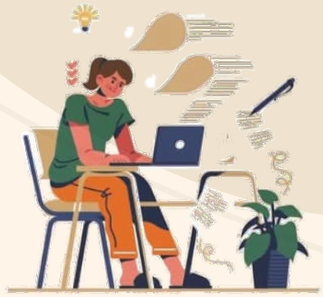

Note: One member registers on behalf of the team and lists all members. Keep your payment Transaction ID for the submission form.

2. Research Scope

Open Theme

Any field of Science & Technology

There is no fixed topic. Your poster can present a research proposal on any area of science and technology, for example:

- Electrical & electronic systems
- Renewable & sustainable energy
- AI, ML & data science
- Robotics & automation
- Communication & IoT
- Biomedical engineering
- Materials & nanotechnology
- Environment & climate tech

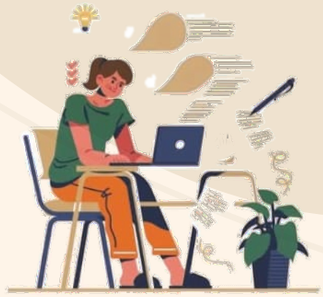

Your proposal may be original research, an improvement on existing work, or an interdisciplinary idea, as long as it is scientifically sound and feasible.

Research Proposal & Poster Competition

3. What to Submit

01 Research Poster

Digital poster (A1, portrait)

Presents your research proposal: problem, objectives, methodology and expected impact. Submit as PDF + high-resolution PNG/JPG.

02 Presentation Video

5 – 10 minutes

You explain your poster in your own voice: the problem, your idea, how it works and why it matters. Submit as a Google Drive link.

Both the poster and the video must be submitted together through the submission form: https://forms.gle/EDi8xVSojPp9JzDD8

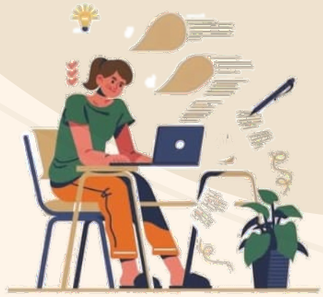

Incomplete submissions (poster or video missing) will not be evaluated.

Research Proposal & Poster Competition

4. General Rules

1. Participants may compete **individually or in a team of up to 4 members**. A participant cannot be part of more than one team.
2. The research proposal must be related to **science and technology**; there is no fixed topic.
3. All work must be **original**. Plagiarism of any kind will lead to disqualification.
4. **Fully AI-generated** posters, text, images or voice-overs are not allowed. Any AI assistance must be disclosed in the submission form.
5. The poster and video must be in the **English language**.
6. Cite all sources, data and figures using a standard referencing style (**IEEE** recommended).
7. Only **one submission** is allowed per participant or team.
8. Late or incomplete submissions will not be accepted.
9. The decision of the judges will be **final**.

5. Poster Design Rules

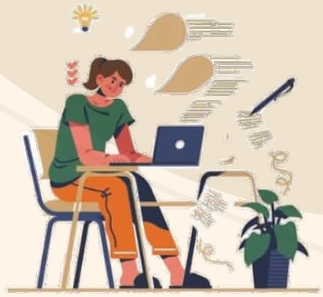

- **Size:** A1 portrait (594 × 841 mm).
- **File format:** PDF (mandatory) along with a high-resolution PNG/JPG copy.
- **Resolution:** Minimum 300 DPI; all images, graphs and text must be sharp.
- **Typography:** Title ≥ 72 pt, section headings ≥ 40 pt, body text ≥ 24 pt. Use at most 2–3 fonts.
- **Structure:** Title, Author(s) & Institution, Abstract, Problem Statement, Objectives, Proposed Methodology, Expected Outcomes & Impact, Conclusion, References.
- **Visuals:** Use diagrams, flowcharts and graphs. Credit every figure that is not your own.
- **Readability:** Keep good color contrast and avoid text-heavy layouts.
- **Tools:** Any design tool is allowed (Canva, Figma, PowerPoint, Illustrator, LaTeX, etc.).

6. Video Presentation Rules

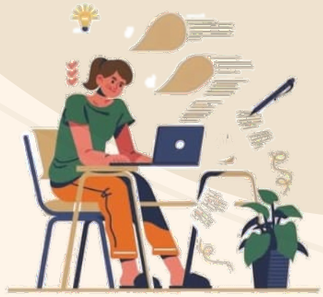

- **Duration:** **5 – 10 minutes**. Videos outside this range will lose 5 marks.
- **Content:** Present your poster: the problem, your proposed idea, methodology and expected impact.
- **Presenter:** Participant(s) must present in their own voice; on-camera appearance is encouraged. The poster must be clearly visible on screen.
- **Team:** For team entries, all members are encouraged to take part in the presentation.
- **Language:** English.
- **Format:** MP4, minimum 720p resolution with clear audio.
- **Restrictions:** Basic editing is allowed, but AI-generated voices or avatars are not.
- **Sharing:** Upload to Google Drive and set access to “Anyone with the link can view”.

8. Rubrics & Mark Distribution

Criteria	What Judges Look For	Marks
A. Research Content		**60**
Novelty & Originality	Fresh, creative and original research idea	15
Problem Definition	Clear, significant and well-motivated problem	10
Methodology & Feasibility	Sound, practical and well-planned approach	20
Expected Impact	Benefit to society, industry or environment	10
References	Credible sources, properly cited (IEEE style)	5
B. Poster Design		**20**
Layout & Visual Clarity	Logical flow, clean and balanced layout	10
Figures & Data	Effective diagrams, charts and visuals	5
Readability	Legible fonts, good contrast, concise text	5
C. Video Presentation		**20**
Communication	Clear, well-structured explanation	10
Understanding	Depth of knowledge and confidence	5
Time Management	Within 5–10 minutes and well-paced	5
Total		**100**

9. Scoring Guide & Penalties

Research Content 60%	Poster Design 20%	Video 20%

Each criterion is scored on four performance levels:

Excellent — **90–100%**
Fully meets the criterion with clear evidence and insight.

Good — **70–89%**
Strong work with only minor gaps.

Satisfactory — **50–69%**
Meets basic expectations but lacks depth or clarity.

Needs Improvement — **0–49%**
Major gaps; unclear, weak or missing content.

Penalties

- **Video shorter than 5 or longer than 10 minutes:** -5 marks
- **Missing PNG/JPG copy or incorrect file naming:** -2 marks
- **Uncited figures or data:** up to -5 marks
- **Plagiarism, fully AI-generated content or late submission:** Disqualification

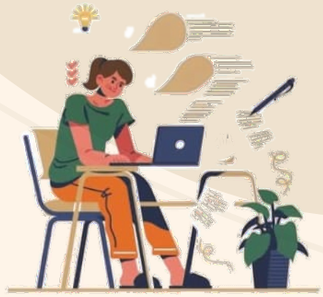

Tie-breaker: higher score in Methodology & Feasibility, then in Novelty & Originality.
